Author royalties*

- Define royalty agreements for authors and other contributors
- Calculate royalties due on license and permissions revenue
- Create royalty statements for subsidiary rights activities (or export royalty accounts for interfacing with other systems)
- Supports multiple currencies and complex royalty calculation rules (different rates for different types of activities, escalators, cash-vs-invoiced accruals, etc.)

When used with **EasyRoyalties, provides a complete royalty solution (accounts for royalties on sales, license and permissions income)*

Author royalties (cont'd)

The screenshot shows a software window titled "Royalty contract" with a sub-header "Royalty contract: Angels and Poets (AC00009)". The window includes a toolbar with icons for save, close, print, delete, help, and info, and a status indicator "Active". Below the toolbar, the "Title" is "Angels and Poets" and "Contributors" is "Bellini, Alessandra". There are two tabs: "General" and "More...".

A sidebar menu on the left lists various options, with "Royalty rules" highlighted. The main area displays "Royalty rules for: Licensing" in a dropdown menu. Below this is a table titled "Royalty rules" with the following data:

Author right (royalty rule)	Applies to	Rate	Details...
Co-editions	purchase (co-edition) income only	35.0% Net	...
Licensing	licensing income only	45.0% Gross	...
Remainder	Rights/activities: Licensee liquidation; licensin ; £0.01 per copy		...

Reporting and analysis

- Wide range of reports available, including
 - Rights sold
 - Rights available
 - Submissions tracking
 - Royalties-in tracking
 - Invoices and incoming payments
 - Author/contributor royalties
 - Expiring licenses
 - Activity summaries by customer/prospect
 - Activity summaries by title
 - Book fair notes
- Output as formatted reports, or export to excel spreadsheets
- Extensive grouping and filtering options
- Data merge facility works with Microsoft Word and Microsoft Outlook, for generating documents, letters and mailings

Navigation and overviews

- Views by entity type provide easy access to data
- Views are customisable for each user's requirements (column selections, default filters, etc.)

The screenshot shows the 'That's Rights!' application interface. On the left is a navigation menu with categories like Home, Data & functions, Reporting, Importing, Lists, Options & settings, Preferences, Help, and Log out. The main area displays a table of submissions with columns for Title, Submission to, Language, Last activity date, Status, Season, Country, and Credits. The table is filtered for 'spanish' submissions. At the bottom, it shows 'Showing: 78' items, 'Logged in as: Admin', and 'Database: Demonstration'.
